

Sponsorship Program

2025-2026

The Board of Directors of the Indiana Pressler Memorial Chapter HFMA has a Sponsorship Program to encourage and facilitate sponsorship by organizations and individuals. The goals of the Sponsorship Program are:

- Provide greater visibility and appreciation for our Sponsors.
- Provide additional financial resources to support Chapter activities and improve service to Chapter members.
- Define Sponsor participation in Chapter activities.
- Provide preferred opportunities to participate in Chapter activities for Sponsors who make a greater commitment to the Chapter.
- Provide for advance planning for Sponsors and the Chapter for advertising and financial requirements.
- Simplify the financial process for the Chapter and the Sponsor by providing advance payment for certain Chapter activities such as advertising.

To realize the above goals, four levels of participation for Sponsors have been established. The components of the program for each level of participation as well as various terms and conditions of participation for both Sponsors and Non-Sponsors are outlined below. Each Sponsor may only have one logo on the website and one listing in printed materials. If a Sponsor has more than one division, a separate sponsorship must be obtained for each one.

Advertisement and Logo Details

Advertisements should be in high resolution .tif or .jpg with at least 300 dpi

Company logos are advertised on <https://www.hfma.org/chapters/region-7/indiana-pressler-memorial/> homepage. Other opportunities to advertise may be available throughout the chapter year and will be at the discretion of the Communications Committee Chair. Size of advertising for sponsors depends on the sponsorship level.
